

Karissa Smith

WEEK 3 – Status

1. What did I do last week?
 - Helped decide what tables are needed for our database
 - Worked on our Technical Specification
 - Researched other social media websites to help plan for our web layout
2. What am I doing this week?
 - Starting implementation
 - working on friend request functions
3. Are there any impediments/roadblocks in your way?
 - Debugging issues with friend requests
 - Finding more time to meet outside of class
