Status Report Week 1

What did I do last week?

- Collaborated with the team to figure out which web application we were making.
- Group decided on a Web Application for Friend Schedules in Social media sharing.
- Collaborated with group to work on and finish AS Capstone proposal for submission.
- Getting XAMP/Vagrant Up and running.
- Personal Website Started.
- Figure out Git Branching.

What am I doing this week?

- Being able to connect to FileZilla.
- Researching examples on how our project will work.
- Figuring an exact starting point for the project.
- Working on the Prototype

Are there any Impediments/Roadblocks in my way?

- Distance to my group mates, Can be made up with net connection.
- Vague idea of how to start the project, know enough to start just pinpoint where the best starting point is.
- Figuring out DB table design and foreign key connections.
